Girl Boss Register

Girl Boss Basics is an introductory program that focuses on building a strong foundation of entrepreneurial mindset by applying these skills and concepts internally. It introduces design thinking, goal-setting, a personal operations plan, personal branding and pitching to help girls become entrepreneurs of their own lives.

Girl Boss program introduces "GBA" [Girl Boss Advisor], a lecturer, who plays a role of facilitator to Girl Bosses.

As a GBA, their role is to connect with the girls first and then equalize the power dynamics between them and girl Bosses. Building relationships helps create a safe space for the girls to challenge themselves, develop their skills, and grow professionally.

→ From our college 3 GBA's were selected.

They are

1. Rizwana Begum, lecturer in physics.
2. Bollam Jyothi, lecturer in computer science
3. Dr. K. Gunaswetha, lecturer in microbiology

The above 3 were added to Elaichi group provided by Head office, operated by Girl Boss 'Launch Girls Team'. Ms. Agata Mandava.

Launch Girls first meeting was conducted on
→ 11 am to 12 pm through zoom meet
